

# JONATHAN RICARDO

Boothuisplein 1 Wijk aan Zee 1949CR - +31 06 19309538 - jonathan.f.ricardo@hotmail.com

## CAREER OBJECTIVE

---

As a Software engineering student, I'm determined to apply my programming skills and web development knowledge to create practical and user-focused solutions. With a foundation in JavaScript, SQL, HTML/CSS, and Java, I aim to contribute to dynamic projects that solve real-world problems.

My experience in collaborative project work has honed my teamwork and problem-solving abilities. I'm eager to further develop these skills and stay current with industry trends. I thrive in fast-paced environments, am a quick learner, and bring a creative approach to development challenges.
